Work Experience

Elsner Technologies Pvt. Ltd.

UX UI Designer Intern

May 2025 – June 2025

- Designed web and mobile interfaces in Figma, applying UX principles, visual hierarchy, and responsive design practices across multiple digital products.
- Worked with design systems and reusable components to maintain visual consistency and scalability across different screens and breakpoints.
- Collaborated with developers to ensure design consistency and support the translation of design concepts into functional user experiences.

Projects

ProFreelance Dashboard — SaaS Dashboard Design [↗](#)

- Designed SaaS dashboard that enables freelancers to manage projects, invoices, client work, and time tracking from a centralized platform.
- Identified key freelancer pain points in project tracking, invoicing, and client management to create a more organized and efficient dashboard experience.
- Created high-fidelity interfaces focused on intuitive navigation, visual consistency, and efficient task management.

Shewhead— Mobile Shoe Shopping Application [↗](#)

- Designed a mobile shoe shopping application focused on helping users discover, browse, and purchase footwear through a seamless shopping experience.
- Conducted user research and developed user flows to improve product discovery, navigation, and overall shopping convenience.
- Created high-fidelity mobile interfaces with intuitive browsing, streamlined checkout flows, and user-centered design principles..

IRCTC Rail Connect — UX Redesign Project [↗](#)

- Redesigned the IRCTC Rail Connect application to address usability issues related to navigation, booking workflows, and feature discoverability.
- Analyzed user feedback and identified key pain points affecting the overall ticket booking experience.
- Designed improved user flows and interface solutions to enhance usability, accessibility, and task completion efficiency.
