Work Experience

Elsner Technologies Pvt. Ltd.

UX UI Designer Intern

May 2025 – June 2025

- Contributed to the design of user-centric web interfaces by creating wireframes, user flows, and high-fidelity UI designs using Figma.
- Applied UI/UX design principles, visual hierarchy, and responsive design practices to enhance usability and user experience across digital products.
- Collaborated with developers and team members to translate design concepts into intuitive and functional user interfaces.
- Worked with design systems, reusable components, and industry-standard workflows to ensure consistency and scalability across projects.

Projects

Shewhead

- Designed a mobile e-commerce shoe application focused on improving product discovery, browsing experience, and seamless online purchasing.
- Conducted user research, created information architecture, wireframes, and interactive prototypes to enhance usability and user navigation.
- Applied visual hierarchy, interaction design, and user-centered design principles to create intuitive shopping experiences.

IRCTC Rail connect

- Redesigned the IRCTC Rail Connect application to simplify ticket booking workflows and improve overall user experience.
- Analyzed user reviews and identified usability issues related to navigation, ticket booking, and feature accessibility.
- Developed user-focused wireframes and prototypes with clearer interaction flows and improved interface guidance.

Certifications

- NPTEL Python for Data Science**
